COMMISSIONERS' REPORT

In accordance with the Public Statutes of the State of New Hampshire the Commissioners of Carroll County submit their annual report together with the report of the Superintendent of the County Farm and of the various other County Officers.

The year 1942 was uneventful in Carroll County, except for war-time troubles which beset everybody, and over which there was no control.

It is gratifying to report a very substantial decrease in many expenses the largest of which was money spent for relief. With the scarcity of all kinds of help, every one who can do anything is working, and as of December 31st, 1942 only 11 families in Carroll County were receiving regular food orders. About one half of the 1942 appropriation for relief was spent, and one third of this amount was for hospital or medical aid. We believe that the morale of the unfortunate people has been helped because of the fact that they are now able to wholly, or partially support themselves.

Things at the County Home have gone on well, other than for many changes in the personel of the help. With present high prices being paid everywhere, there was a continuous change in helpers at the Farm, even tho salaries there were substantially increased.

One side of the cow-barn was thoroughly overhauled last summer, with the hope of doing away with Bangs contamination. Every thing was torn out, even the floorings, and these replaced with new timbers cut on the farm. All replacements were twice creosoted, and it is gratifying to report that the last Bangs Disease test was clean. The number of cattle

has been nearly doubled since our last report, and both tie-ups are now full. One side has the milking cows, about half of them Guernseys and the rest Holsteins; while on the other side of the barn are 8 fine Herefords, all pure-breds, and twelve grades to butcher as the occasion demands.

Supt. Severance had very good luck last year raising pigs. A pure bred Chester White boar was brought from the State Prison piggery, in Concord and \$590.50 worth of fine pigs were sold during last fall. At the present time there are seventy odd hog kind on the place, and some more than twenty were slaughtered for consumption at the home.

All kinds of farming were greatly increased during 1942. An expert tractor-driver was among the house of correction men, and the new tractor was in operation every working day when weather would permit. More corn, oats, beans, potatoes and garden stuff were harvested last year than ever before in the remembrance of the present commissioners.

A quick-freeze unit holding 1200 quarts was added to the inside equipment last summer, and it is packed full of all kinds of produce. This helps greatly in the table expenses, and provides vegetables and berries as fresh and colorful as when gathered in the summer.

The heating plant has not done satisfactory work for several winters, consequently some changes were made during last summer. The return pipes were lowered, and a new automatic water feed installed. It was also found necessary to re-tube the big boiler, which was done at a cost of \$719.36. This work accounts for the over expenditure of the Farm appropriation, but it is fortunate that the work was done, since the recent colder weather taxed the boilers to

their utmost, even at their best.

It will be recalled that the Delegation voted more money for the Extension Service, in order to hire a Project Forester for Carroll County. Valued services of this new officer, have been the making of a fine map of all county property, as well as recommendations about the proper cuttings of wood and timber at the Farm.

A ten acre tract of land which set into the County property was sold in November, at a forced sale, and this was bought by the Commissioners, thus squaring up the farm proper. Bushes along the road have already been cut, and walls will be relaid, thus greatly improving the appearance as well as the value of the County property.

One of the greatest regrets of both Commissioners and the Management at YOUR County Home, is that so few Carroll County people visit the Institution, to acquaint themselves with conditions there.

In April three cows, two calves and one heifer were bought of Ralph Kennett of Sanbornville.

In May one cow and one heifer from J. G. Whittier of North Wolfeboro.

In June 2 cows from Harry E. Welch.

In July one cow from John Weston out of the herd of Joe Melanson in Wolfeboro.

In August two cows from Austin Andrews of Granite.

In September one cow from Frank Riley of Water Village.

This left a balance in the bank of \$221.80.

We have renovated one-half the inside of the barn. The side where the infection was most prevalent and to date all tests have been clean.

REPORT OF COUNTY PHYSICIAN

Health conditions at the County Home for the year 1942 were not unusual.

There was one birth and nine deaths. There were no epidemics; the main cause of illness being attributable to the infirmities brought on by old age.

The hospital at the Home has been very efficiently managed and has brought about a corresponding increase in the well being of the patients admitted.

Full credit should be given to Supt. and Mrs. C. A. Severance for their efficient work and their devotion to the inmates and patients.

Respectfully submitted,
F. J. C. DUBE
